

BaseExternalSensor

```
classDiagram
    class BaseExternalSensor
    class ExternalSensor_T["ExternalSensor< T >"]
    ExternalSensor_T --|> BaseExternalSensor
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'ExternalSensor< T >'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white box labeled 'BaseExternalSensor' at the top. This indicates that 'ExternalSensor< T >' inherits from 'BaseExternalSensor'.

ExternalSensor< T >
